

Enabling Scalable Excellence for a Future-Ready World

(Driving Scale, Excellence, and Innovation through Intelligence)

WHO WE ARE

At i-Connectresources, we exist to solve the complex challenges that hold organizations back. From enterprise to government, from automation to infrastructure modernization, we align technology with purpose – delivering results that redefine how businesses operate, innovate, and grow.

OUR MISSION & VISION

Powering Intelligent Transformation

We align strategy, technology, and execution to deliver measurable outcomes, scalable growth, and lasting business impact.

KEY CAPABILITIES

- **AI-Driven Automation:** AI-driven efficiency, reduced manual effort.
- **Security & Compliance:** Built for regulated industries and growth-focused businesses.
- **Digital Transformation:** Modernize legacy IT systems with intelligent workflows.
- **Proactive Managed Services:** 24/7 monitoring, predictable SLAs, continuous optimization.
- **Operational Resilience:** Reduce downtime, accelerate decision-making, scale with confidence.
- **Platform Expertise:** ServiceNow, Microsoft 365, UiPath, Atlassian Jira & others.

FROM SPARK TO SCALE

- **MyPleader: Digital legal practice management**
Digitizes legal case and document management to improve efficiency, accuracy, and service delivery.
- **GapNinja: Skills and capability intelligence**
Provides real-time skills intelligence to guide workforce planning, hiring, and upskilling decisions.
- **LineupLynx.ai: AI-powered sports auction intelligence**
Enables AI-driven sports decisions using player performance predictions and budget optimization for leagues like IPL
- **icronco: Preventive oncology screening platform**
Standardizes and scales cervical screening workflows for early detection and reliable clinical follow-up.

SERVICE OFFERINGS

1. AI Transformation

Embed AI into your core operations to drive efficiency, automation, and smarter decision-making across your business.

2. Data Intelligence

Build scalable data pipelines and AI-ready ecosystems to unlock insights and power next-generation analytics.

3. IT Infrastructure

Design secure, scalable, and high-performing IT environments that support seamless business operations.

4. Cyber Security

Protect your digital assets with robust security frameworks, real-time monitoring, and compliance-driven strategies.

5. Strategic Consulting

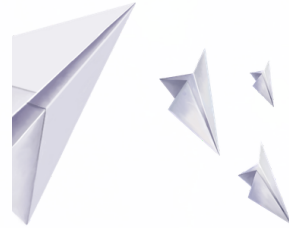

Identify operational and technological gaps and implement strategies that enable sustainable business growth.

6. Service Delivery & Automation

Streamline operations with intelligent workflows, automation, and real-time service visibility.
